Control Description

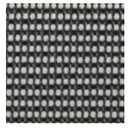
AutoTension™ control is standard on AutoSit.™ series chairs.

AT AutoTension™

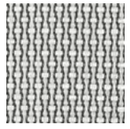
The entire chair rocks in a synchronized free-float mode. Tension is automatically adjusted and lockable in five different positions. Backrest reclines 21° (89° to 110°) while the seat reclines 9° (0° to -9°). Rocking is "knee-tilt" keeping the user's feet on the floor. "Anti-slap" prevents the backrest from inadvertently releasing unless the chair is occupied. Backrest height adjusts four inches into eleven positions using an intuitive, visible button. Seat height adjusts pneumatically.

Mesh Colors for 057 Model

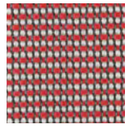
Black mesh is standard, other colors may increase lead times. Add option code(s) after model number.



/151 Black



/152 Natural



/153 Crimson

Control Description

Choose one for every chair other than guest chair. Price included on the previous page.

PB PostureBack™
Rocking backrest with fixed seat.
An economical choice for multi-task work (computer, phone, etc.). The PostureBack control features a free floating, tension adjustable rocking backrest that can be locked into eight different positions. Seat is fixed at 8° and backrest moves through 23° (89° to 112°). An "anti-slap" function prevents the backrest from inadvertently releasing unless the chair is occupied. Seat height adjusts pneumatically. Backrest height adjusts four inches into eleven different positions using an intuitive, visible lever.

ST SingleTouch™
Independently adjustable seat and backrest that locks after adjusting.
The best choice for dedicated task work. The SingleTouch provides independent adjustment of seat and backrest angles in one convenient lever. Simply lift, get comfortable, and release. Seat adjusts 12° (0° to -12°) and backrest adjusts 27° (89° to 116°). Seat height adjusts pneumatically. Backrest height adjusts four inches into eleven different positions using an intuitive, visible lever.

SX SynchroExec™
Rocking seat and backrest plus independently adjustable angle between seat and backrest.
The best choice for multi-task work (computer, phone, etc.). The entire chair rocks in a synchronized free-float mode. Adjustable tension and lockable in eight different positions. Backrest reclines 31° (89° to 120°) while the seat reclines 10° (0° to -10°). Rocking is "knee-tilt" keeping the user's feet on the floor. Also, the seat to backrest angle is independently adjustable 16° for fine tuning upright posture. "Anti-slap" prevents the backrest from inadvertently releasing unless the chair is occupied. Seat height adjusts pneumatically. Backrest height adjusts four inches into eleven different positions using an intuitive, visible lever.

Custom Fit Options

Choose as many as desired. Add option code(s) after model number. Add cost of options to chair price.

AB **$55**
Polished aluminum base.

FT_ **$10**
Forward Initial Tilt.
FT08 (+2.3°)
FT12 (+3.4°)
FT16 (+4.6°)
FT20 (+5.7°)

AL **$145**
Air lumbar; inflatable lumbar bolster.

HB **$40**
Heavily contoured back; foam from Alpha series.

AN **CAT 8**
Antistatic; Use Category 8 fabric or vinyl.

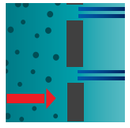
HR **$275**
Headrest; adjusts 6" in height and 2½" in depth, dual pivot angle adjustment.

BX **$45**
Beta extended base; poly cap over steel, 26" diameter; standard on 073.

LS **$80**
Longer seat; 18½"w x 21"d.

CF **$125**
Cal Fire; TB 133.

MC **$40**
Medium seat height; 19" - 26¾". Standard on model 065.



CR **$125**
Cleanroom Class 10; must use Cat 3, 5 or 8 vinyl, no fabric.

NB **-$40**
Nylon base; replaces base with metal structure. Not for use with models 064, 065 & 066.

EC **$25**
Extremely low cylinder; seat height range of 15¼" - 19¾".

NC **$35**
Nano seat height; 13¼" - 16".

ES **$45**
Extended width seat; 20"w x 18½"d. Standard on model 073.

PS **$80**
Petite seat; 16"w x 16"d.

FR **$90**
Footring; for models 061, 063 & 073.

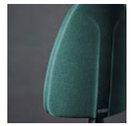
RT_ **$10**
Rear Initial Tilt.
RT08 (-2.3°)
RT12 (-3.4°)
RT16 (-4.6°)
RT20 (-5.7°)

Custom Fit Options Cont'd

SR **$300**
Standring; 21" diameter for continual ingress and egress.
SR **$210**
For models 064 & 065.

SS **$90**
Sliding seat; 2½" in six positions. Lever on left side. Spring return.

TC **$50**
Tall seat height; 23¾" - 34". Standard on model 064 & 066.



UB **$85**
Upholstered backrest shell; add 1yd COM. Not available in vinyl or leather.

VS **$60**
ViscoElastic seat foam; for enhanced leg circulation.

XA **$60**
Extended aluminum base; 28" diameter.

XC **$80**
Extended seat height; range of 15¾" - 23¼". For models 061, 063 & 073.

ZZ
Custom options.
For custom options and pricing, please call.

Caster Options

Add option code. Carpet casters are standard.

BC **$15**
Braking safety casters; locks when unoccupied.

PC **$30**
Parquet floor casters; soft tread for wood or vinyl floor.

BP **$45**
Braking parquet safety casters.

GL **N/C**
Glides.

6C **$15**
60mm casters; for enhanced mobility.

ZC **$250**
Zinc casters; 400+ lbs. users or rough floors.

Armrest Options

Choose one if desired. Add armrest code as final code to model number. Add cost to chair price.

+1T **$90**
Fixed height "T" armrests.
Armrest pads are sculpted urethane, resilient yet mar-proof; 10" long x 4" wide. Field installable.

+1N **$165**
Adjustable height and width.
Height adjusts by fingertip lever; 10 positions, 4" range. Width adjusts by fingertip lever; 6 positions, 2" range per side. Armrest pads are sculpted urethane, resilient yet mar-proof; 10" long x 4" wide. Field installable.

+1A **$165**
Adjustable height, width and angle.
Height adjusts by fingertip lever; 10 positions, 4" range. Width adjusts by fingertip lever; 6 positions, 2" range per side. Armpads rotate 360° by simply pulling up on the pad and turning to desired position. Armrest pads are sculpted urethane, resilient yet mar-proof; 10" long x 4" wide. Field installable.

+1M **$240**
Adjustable height, width and angle with wide memory foam armpads.
Same features as the +1A, but with wide, extra soft, memory foam armpads. Armrest pads; 10½" long x 5½" wide. Useful for narrow elbow to elbow distances or pressure sensitive forearms. Field installable.

+7K **$135**
Adjustable height and width.
Height adjusts by fingertip lever; ten positions, 4" range. Width adjusts by fingertip lever; six positions, 2" range per side. Armrest pads are sculpted urethane, resilient yet mar-proof; 10½" long x 4" wide. Field installable.

+6K **$165**
Retractable arm.
Height adjusts by fingertip button; six positions, 3" range. Arm retracts with push of fingertip button. Armrest pads are sculpted urethane, resilient yet mar-proof; 10½" long x 4" wide. field installable.

Control Description

Choose one for every chair other than guest chair. Price included on the previous page.

PB PostureBack™
Rocking backrest with fixed seat.
An economical choice for multi-task work (computer, phone, etc.). The PostureBack control features a free floating, tension adjustable rocking backrest that can be locked into eight different positions. Seat is fixed at 8° and backrest moves through 23° (89° to 112°). An "anti-slap" function prevents the backrest from inadvertently releasing unless the chair is occupied. Seat height adjusts pneumatically. Backrest height adjusts four inches into eleven different positions using an intuitive, visible lever.

ST SingleTouch™
Independently adjustable seat and backrest that locks after adjusting.
The best choice for dedicated task work. The SingleTouch provides independent adjustment of seat and backrest angles in one convenient lever. Simply lift, get comfortable, and release. Seat adjusts 12° (0° to -12°) and backrest adjusts 27° (89° to 116°). Seat height adjusts pneumatically. Backrest height adjusts four inches into eleven different positions using an intuitive, visible lever.

SX SynchroExec™
Rocking seat and backrest plus independently adjustable angle between seat and backrest.
The best choice for multi-task work (computer, phone, etc.). The entire chair rocks in a synchronized free-float mode. Adjustable tension and lockable in eight different positions. Backrest reclines 31° (89° to 120°) while the seat reclines 10° (0° to -10°). Rocking is "knee-tilt" keeping the user's feet on the floor. Also, the seat to backrest angle is independently adjustable 16° for fine tuning upright posture. "Anti-slap" prevents the backrest from inadvertently releasing unless the chair is occupied. Seat height adjusts pneumatically. Backrest height adjusts four inches into eleven different positions using an intuitive, visible lever.

Custom Fit Options

Choose as many as desired. Add option code(s) after model number. Add cost of options to chair price.

AB $25
Polished aluminum base.

FT_ $10
Forward Initial Tilt.
FT08 (+2.3°)
FT12 (+3.4°)
FT16 (+4.6°)
FT20 (+5.7°)

AL $145
Air lumbar; inflatable lumbar bolster.

HR $275
Headrest; adjusts 6" in height and 2½" in depth, dual pivot angle adjustment.

AN CAT 8
Antistatic; Use Category 8 fabric or vinyl.

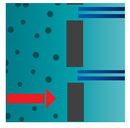
LS $110
Longer seat; 18½"w x 21"d.

AX $75
Alpha extended base; urethane encased steel, 26" diameter; standard on 173.

MC $40
Medium seat height; 19" - 26¾". Standard on model 165.

CF $125
Cal Fire; TB 133.

NB -$60
Nylon base; replaces base with metal structure. Not for use with models 164, 165 & 166.

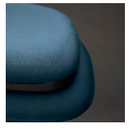


CR $125
Cleanroom Class 1; must use Cat 3, 5 or 8 vinyl, no fabric.

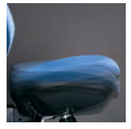
NC $35
Nano seat height; 13¼" - 16".

EC $25
Extremely low cylinder; seat height range of 15¼" - 19¾".

PS $80
Petite seat; 16"w x 16"d.



ES $45
Extended width seat; 20"w x 18½"d. Standard on model 173.



RT_ $10
Rear Initial Tilt.
RT08 (-2.3°)
RT12 (-3.4°)
RT16 (-4.6°)
RT20 (-5.7°)

FR $90
Footring; for models 161, 163 & 173.

SR $300
Standring; 21" diameter for continual ingress and egress.
SR $210
For models 164 & 165.

Custom Fit Options Cont'd

SS $90
Sliding seat; 2½" in six positions. Lever on left side. Spring return.

TC $50
Tall Cylinder; range of 23¾" - 34". Standard on 164 & 166.

TS $80
Tailbone seat; cut-out for coccyx relief.

TH $145
Inflatable thoracic bolster.

UB $85
Upholstered backrest shell; add 1yd COM. Not available in vinyl or leather.

VS $60
ViscoElastic seat foam; for enhanced leg circulation.

XA $35
Extended aluminum base; 28" diameter.

XC $80
Extended seat height; range of 15¾" - 23¼". For models 161, 163 & 173.

ZZ
Custom options.
For custom options and pricing, please call.

Caster Options

Add option code. Carpet casters are standard.

BC $15
Braking safety casters; locks when unoccupied.

PC $30
Parquet floor casters; soft tread for wood or vinyl floor.

BP $45
Braking parquet safety casters.

GL N/C
Glides.

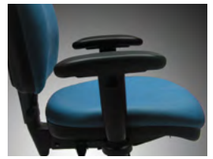
6C $15
60mm casters; for enhanced mobility.

ZC $250
Zinc casters; 400+ lbs. users or rough floors.

Armrest Options

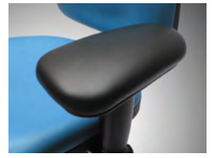
Choose one if desired. Add armrest code as final code to model number. Add cost to chair price.

+1T $90
Fixed height "T" armrests.
Armrest pads are sculpted urethane, resilient yet mar-proof; 10" long x 4" wide. Field installable.



+1N $165
Adjustable height and width.
Height adjusts by fingertip lever; 10 positions, 4" range. Width adjusts by fingertip lever; 6 positions, 2" range per side. Armrest pads are sculpted urethane, resilient yet mar-proof; 10" long x 4" wide. Field installable.

+1A $165
Adjustable height, width and angle.
Height adjusts by fingertip lever; 10 positions, 4" range. Width adjusts by fingertip lever; 6 positions, 2" range per side. Armpads rotate 360° by simply pulling up on the pad and turning to desired position. Armrest pads are sculpted urethane, resilient yet mar-proof; 10" long x 4" wide. Field installable.



+1M $240
Adjustable height, width and angle with wide memory foam armpads.
Same features as the +1A, but with wide, extra soft, memory foam armpads. Armrest pads; 10½" long x 5½" wide. Useful for narrow elbow to elbow distances or pressure sensitive forearms. Field installable.

+7K $135
Adjustable height and width.
Height adjusts by fingertip lever; ten positions, 4" range. Width adjusts by fingertip lever; six positions, 2" range per side. Armrest pads are sculpted urethane, resilient yet mar-proof; 10½" long x 4" wide. Field installable.

+6K $165
Retractable arm.
Height adjusts by fingertip button; six positions, 3" range. Arm retracts with push of fingertip button. Armrest pads are sculpted urethane, resilient yet mar-proof; 10½" long x 4" wide. field installable.

22¾″	22½″	16″ - 20½″	24″	23¾″	18½″	4	42

Control Description

Choose one for every chair other than guest chair. Price included on the previous page.

SL SynchroLock™
The entire chair rocks in a synchronized free-float mode. In full range motion, the backrest reclines 21° (90° to 111°) while the seat reclines 11° (0° to -11°). The front lever allows you to choose two other rocking ranges, limiting the forward travel by 2½° and 5°. This is useful for larger people and people who prefer a more reclined posture when up at their desks. The tension is adjustable to an individual's size. Rocking is "knee-tilt" keeping the user's feet on the floor. The control can be locked into six different positions. An "anti-slap" function prevents the backrest from inadvertently releasing unless the chair is occupied. Seat height adjusts pneumatically 4½". Backrest height adjusts four inches into nine different positions using a ratchet; simply lift and click into place.

XD XtremeDuty™
The best choice for heavy duty applications and users over 250 lbs. The features are the same as the EZ-Tilt control, but with heavier tension for larger individuals. The entire chair rocks in a synchronized free-float mode, the backrest reclines 16° (90° to 106°) while the seat reclines 8° (0° to -8°). Rocking is "knee-tilt" keeping the user's feet on the floor. Tension adjustment with upright tilt lock. The tension is provided by a special alloy torsion bar, similar to an automotive suspension. Seat height adjusts pneumatically 4½". The XD mechanism is not available with the sliding seat (SS) option. Backrest height adjusts four inches into nine different positions using a ratchet; simply lift and click into place.

Custom Fit Options

Choose as many as desired. Add option code(s) after model number. Add cost of options to chair price.

AL $155
Air lumbar; inflatable lumbar bolster.

AN CAT 8
Antistatic; Use Category 8 fabric or vinyl.

BA $55
Independent backrest angle adjustment; available only on SL control.

CF $235
Cal Fire; TB 133.

HR $275
Headrest; adjusts 6" in height and 2½" in depth, dual pivot angle adjustment.

MC $45
Medium seat height; 19" - 26¾". Must be used with XB base.

NB -$40
Nylon base; replaces base with metal structure.

NC $35
Nano seat height; 13¼" - 16".

SS $90
Sliding seat; 2" in 5 positions. Lever on left side. Spring return. Not available with XD control.

TC $40
Tall seat height; 23¾" - 34". Must be used with XB base.

VS $100
ViscoElastic seat foam; (memory foam) for enhanced leg circulation.

XB $270
Extended steel base, 30" diameter.

XC $80
Extended seat height; seat height range of 16¾" - 24¼".

XJ $320
Extended J-bar; extends seat depth 2½". Must be used with XB base.

Caster Options

Add option code. Carpet casters are standard.

BC $15
Braking safety casters; locks when unoccupied.

PC $30
Parquet floor casters; soft tread for wood or vinyl floor.

BP $45
Braking parquet safety casters.

GL N/C
Glides.

6C $15
60mm casters; for enhanced mobility.

ZC $250
Zinc casters; 400+ lbs. users or rough floors.

Armrest Options

Choose one if desired. Add armrest code as final code to model number. Add cost to chair price.

+1N $165
Adjustable height and width.
Height adjusts by fingertip lever; 10 positions, 4" range. Width adjusts by fingertip lever; 6 positions, 2" range per side. Armrest pads are sculpted urethane, resilient yet mar-proof; 10" long x 4" wide. Field installable.

+1A $165
Adjustable height, width and angle.
Height adjusts by fingertip lever; 10 positions, 4" range. Width adjusts by fingertip lever; 6 positions, 2" range per side. Armpads rotate 360° by simply pulling up on the pad and turning to desired position. Armrest pads are sculpted urethane, resilient yet mar-proof; 10" long x 4" wide. Field installable.

+1M $240
Adjustable height, width and angle with wide memory foam armpads.
Same features as the +1A, but with wide, extra soft, memory foam armpads. Armrest pads; 10½" long x 5½" wide. Useful for narrow elbow to elbow distances or pressure sensitive forearms. Field installable.

SITMATIC®

Control Description

Choose one for every chair other than guest chair. Price included on the previous page.

EZ EZ-Tilt™
The best choice for general purpose desk and conference chairs. The seat and back recline together in a smooth rocking motion. The "knee-tilt" pivot minimizes feet lifting off the floor as the chair reclines. Dual-coil springs provide a wide range of tension, which can be adjusted to an individual's size. Chair can be locked into a firm upright position. Seat height adjusts pneumatically 4½".

XD XtremeDuty™
The best choice for heavy duty applications and users over 250 lbs. The features are the same as the EZ-tilt control, but with heavier tension for larger individuals. Seat and back recline together. Tension is provided by a special alloy torsion bar, similar to an automotive suspension. Seat height adjusts pneumatically 4½".

Custom Fit Options

Choose as many as desired. Add option code(s) after model number. Add cost of options to chair price.

CF **$235**
Cal Fire; TB 133.

NC **$35**
Nano seat height; 13¼" - 16".

JB **$190**
Jury base; auto memory return, non-height adjustable seat.

XC **$80**
Extended seat height; seat height range of 16¾" - 24¼".

SITMATIC®

Caster Options

Add option code. Carpet casters are standard.

BC **$15**
Braking safety casters; locks when unoccupied.

PC **$30**
Parquet floor casters; soft tread for wood or vinyl floor.

BP **$45**
Braking parquet safety casters.

GL **N/C**
Glides.

6C **$15**
60mm casters; for enhanced mobility.

ZC **$250**
Zinc casters; 400+ lbs. users or rough floors.

Armrest Options

Choose one if desired. Add armrest code as final code to model number. Add cost to chair price.

+4 **$110**
Swoop Armrest.
Mar-proof, resilient urethane inset strip over aluminum arms. Attached to shell with through-bolted steel brackets. Only for models 382, 383, 392 & 393. All other models, 388, 398, 389, & 399 have swoop armrests as standard and cannot be specified armless because of the size of the shell.

+US **$55**
Upholstered strip.
12" x 1½" fabric detail on +4 swoop armrests.

419	44½″ - 52¼″	25½″	27½″ - 31¼″	26″

Control Description

Advanced Synchron control is standard on the Posh Ergonomic Executive.

SY Advanced Synchron™

The entire chair rocks in a synchronized free-float mode. Side actuated tension adjustment and lockable in five different positions. Backrest reclines 21° (89° to 110°) while the seat reclines 9° (0° to -9°). Rocking is "knee-tilt" keeping the user's feet on the floor. Also, the seat to backrest angle is independently adjustable 10° for fine tuning upright posture. "Anti-slap" prevents the backrest from inadvertently releasing unless the chair is occupied. Seat depth adjusts 2½" in six positions. Backrest height adjusts four inches into eleven positions using a ratchet; simply lift and click into place. Seat height adjusts pneumatically. Adjustable air lumbar bolster is standard.

Custom Fit Options

Choose as many as desired. Add option code(s) after model number.

AB **$25**
Brushed aluminum base; high arched.

XA **$65**
Extended aluminum base; 28″ diameter.

CF **$280**
Cal Fire; TB 133.

XC **$80**
Extended seat height; seat height range of 16¾″ - 24¼″.
Must use with XA base.

NC **$35**
Nano seat height; 13¼″ - 16″. Must use with XA base.

Posh™ Operational Series 500

SITMATIC®

Control Description

Choose one for every chair. Price included on the previous page.

SB Basic Synchron™
The entire chair rocks in a synchronized free-float mode. Side actuated tension adjustment and lockable in five different positions. Backrest reclines 21° (89° to 110°) while the seat reclines 9° (0° to -9°). Rocking is "knee-tilt" keeping the user's feet on the floor. "Anti-slap" prevents the backrest from inadvertently releasing unless the chair is occupied. Backrest height adjusts four inches into seven positions using a ratchet; simply lift and click into place. Pneumatic seat height adjustment.

SY Advanced Synchron™
The entire chair rocks in a synchronized free-float mode. Side actuated tension adjustment and lockable in five different positions. Backrest reclines 21° (89° to 110°) while the seat reclines 9° (0° to -9°). Rocking is "knee-tilt" keeping the user's feet on the floor. Also, the seat to backrest angle is independently adjustable 10° for fine tuning upright posture. "Anti-slap" prevents the backrest from inadvertently releasing unless the chair is occupied. Seat depth adjusts 2½" in six positions. Backrest height adjusts four inches into seven positions using a ratchet; simply lift and click into place. Pneumatic seat height adjustment.

Jack™ Beam Series 9100

SITMATIC®

	Purpose	Configuration	Function	Model
	Beam Seating	Epoxy Finish	Beam Mounted	91_ _ FF

**Shown with 'CB' Crowned Back option and shared arms.*

To Specify

Replace the last two digits of the model number (_ _) with the number of chairs needed on the beam, and then add desired options. For example, if a three position beam with black seats, armless, is required, the correct model number is 9103 FF /131. Pricing is based on three positions or more per beam. If fewer positions are required, please use the 1P or 2P upcharge. Table does count as a position (eg. 9102 FF TE does not require 2P upcharge).

If you provide a floor plan, Sitmatic would be pleased to assist you in planning your auditorium or lobby. If at all possible, please send your drawings in electronic format, such as Autocad, to layouts@sitmatic.com. The drawings will be populated and returned to you with the bill of materials necessary to complete the project.
Please remember, because flooring specifications vary, floor mounting fasteners are not supplied. Sitmatic can assist you with technical information on installation options, or perform the installation on your behalf.

Custom Fit Options

Maharam Fabric Program

SITMATIC®

How to specify

In addition to standard Sitmatic fabrics, Sitmatic offers you a simplified program to use Maharam fabrics. To the right is a list of fabrics and their corresponding price grades. To see these fabrics, or to order memo samples, please contact Maharam at (800) 645-3943 or visit them at www.cfstinson.com.

When using Maharam fabrics, list the Sitmatic chair model followed by a "/" and then the appropriate fabric grade. In the description please list Maharam, the pattern and then the color.

For Example:
173 SX +1A /M3
Maharam Lariat Camel

Please do not place a separate order with Maharam for your fabric. This will be done automatically for you.

Momentum Fabric Program

SITMATIC®

How to specify

In addition to standard Sitmatic fabrics, Sitmatic offers you a simplified program to use Momentum fabrics. To the right is a list of fabrics and their corresponding price grades. To see these fabrics, or to order memo samples, please contact Momentum at (800) 366-6839 or visit them at www.themomgroup.com.

When using Momentum fabrics, list the Sitmatic chair model followed by a "/" and then the appropriate fabric grade. In the description please list Momentum, the pattern and then the color.

For Example:
173 SX +1A /M2
Momentum Beckon Vintage

Please do not place a separate order with Knoll for your fabric. This will be done automatically for you.

Warranty

Sitmatic product is covered by a comprehensive lifetime structural warranty with a ten year warranty on wear components. There are no weight restrictions and 24-hour usage is covered. For complete details, please contact your Sitmatic representative.

Freight Included

Freight is prepaid and allowed for orders over $100 net, meaning this pricer includes shipping charges from the factory to a commercial dock. Orders under $100 net are subject to a $19 handling charge. The product is cartoned and a few models are partially unassembled. This pricer does not include guaranteed delivery times, residential delivery, delivery to a building without a dock, inside delivery, blanket-wrap shipments, storage, prior notification, expedited shipping, or destinations outside the continental United States. For any of these services, please contact Customer Service for the costs. Freight claims, unfortunately, must be the responsibility of the recipients, although Sitmatic will assist in any way possible.

COM

Customer's Own Material

Yardage listed in this price list is based on a worst case scenario: non-railroaded fabrics and small quantities of chairs. If your fabric can be railroaded or you are ordering a large quantity, please contact Customer Service for actual yardage requirements, which may be less than the published amount.

We will always make our best effort to pattern match at seams, but pattern matching results are not guaranteed. Generally, commercial quality fabrics require no prior approval. We recommend latex-backed fabrics of man-made fibers, 9 oz. per running yard or better. If the fabric you choose to send us is not of this quality, please discuss the fabric and its use with Customer Service before sending us the fabric.

Fabric

Yardage of Sitmatic fabric is available at the following list prices:

Cat 2 $55.
Cat 3 $80.
Cat 4 $100.
Cat 5 $200.
Cat 6 $325.
Cat 8 $170.

Return Policy

Because Sitmatic's product is custom manufactured to meet exact customer requirements, we ask that you take care in specifying. In the event that you need to return chairs, normally up to 75% is charged if ordered in error by the customer. If in Sitmatic's judgement, the product is in new condition and readily resalable, the restocking fee may be waived or reduced. Contact Customer Service for specific item information. Some products particularly custom engineered items that are individual specific, cannot be accepted.

Cancellation Charge

No cancellation charges will be assessed if the customer cancels prior to production. Commencement of production constitutes Sitmatic's procurement of order specific components or actual construction or the seating, whichever is earlier. Usually, but not necessarily, this is one week before shipment. After production begins, actual and reasonable costs will be charged. All cancellation charges will be billed within six months after notification of cancellation.

Public Area Seating

Information regarding this product is covered in the comprehensive specification manual entitled "Fixed Seating & Tables: Pricing & Specification Guide". Contact Customer Service for your copy.
