Finally, a seating system that helps eliminate awkward and harmful postures using the science of anthropometrics.
Slouching or Perching
Optional backrest angle adjustment fine tunes the back support to your personal habits.

Intuitive Lumbar Support
Finger tip lever locks where you put it. No other chair adjusts 6”.

Complete Back Support
Thoracic and sacral cradles merge into a lumbar crest.

Neck & Shoulder Relief
4” of height adjustment, 4” of width adjustment and optional rotation and depth adjustment customize elbow support to your unique size.

Relaxing Motion
Synchronized control that allows your body to open as you recline. Rocking ease and rate of recline are adjustable by easily reached side crank.

Better Mobility
Oversized, 60 mm casters roll easily through plush carpet. Riveted for life-long durability. Every chair automatically receives one of four base sizes to best fit into your workspace.

PressureCast™ Cushions
Using a special formulation and cast under high pressure, PressureCast™ foam is incredibly resilient for comfort, yet high-density for longevity.

The Perfect Height
Seat heights for any size individual. Five different seat heights, ranging between 15” and 34”, ensure a perfect fit for everyone at every workstation.

Small Scale
GU22 (Shown with 7J arms)
Small scale engineerics. Careful thought and design was put into designing a chair specifically for those on the petite side of the spectrum.

Standard Scale
GU33 (Shown with 7J arms)
The standard above all standards. Designed to fit the masses, from 5’3” to 6’5” and beyond, this chair has your back.

Big & Tall
GU44 (Shown with 7F arms)
Engineered to withstand extreme usage. Reinforced back and seat structures, paired with ample foam cushions, provide comfort and peace of mind for many years to come.

Low Back
GU1 (Shown with 4T Seat)
Essential support and comfort. The perfect multi-task / multi-user seating solution.

Mesh Back
GU5 (Shown with 5J Seat)
Modern aesthetic without sacrificing your back. Height and depth adjustable lumbar pad for those who need more or those who like less.

Stool Kits
TK / UK (Shown on GU12)
For laboratory or counter height tasks. Two stool kits: medium and tall heights, both include a height adjustable footring.

The GoodFit® Family
SMALL SCALE
GU22 (Shown with 7J arms)
Essential support and comfort. The perfect multi-task / multi-user seating solution.

STANDARD SCALE
GU33 (Shown with 7J arms)
The standard above all standards. Designed to fit the masses, from 5’3” to 6’5” and beyond, this chair has your back.

BIG & TALL
GU44 (Shown with 7F arms)
Engineered to withstand extreme usage. Reinforced back and seat structures, paired with ample foam cushions, provide comfort and peace of mind for many years to come.
