

SITMATIC®

POSH™

OPERATIONAL

ELEGANTLY TAILORED & HIGHLY ERGONOMIC.

A complete family of advanced ergonomic seating with a refined tailored look.

POSH MESH FEATURES

Leather Trim

This unique design balances comfort, superior back support, and a luxurious finish. The leather's natural elasticity provides suspension-like comfort.

Slouching or Perching

Backrest angle adjustment fine tunes the back support to your personal habits.

Easy-Click Lumbar

Simply lift and click into your ideal lumbar height. Raise the backrest to its topmost setting, then lower back down to reset its position.

Relaxing Motion

Synchronized control that allows your body to open as you recline. Rocking ease and rate of recline are adjusted by an easily reached side crank.

Cool Suspension

Breathable suspension material conforms to your body's natural curves. Anti-run technology ensures accidental punctures do not prematurely end the life of your chair.

Complete Back Support

Thoracic and sacral cradles merge into a lumbar crest.

Neck & Shoulder Relief

4" of height adjustment, 4" of width adjustment and optional rotation and depth adjustment customizes elbow support to your unique size.

PressureCast™ Cushions

Using a special formulation and cast under high pressure, PressureCast™ foam is incredibly resilient for comfort, yet high-density for longevity.

The Perfect Height

Seat heights for any size individual. Five different seat heights, ranging between 15½" and 35¼", ensure a perfect fit for everyone at every workstation.

Better Mobility

Oversized, 60 mm casters roll easily through plush carpet. Riveted for life-long durability. The aluminum base is cast as a single piece with no welds to break.

THE POSH OPERATIONAL FAMILY

SMALLER POSH MESH

541 (Shown with smaller seat & 7K arms)

The scaled-down mesh back is ideal for standard task and managerial seating or simply a user of smaller stature.

STANDARD POSH MESH

552 (Shown with standard seat & 7L arms)

Designed to be the most exquisite mesh chair in the world, this chair combines the comfort and breathability of suspension mesh, advanced ergonomic support, and beautifully tailored details.

LARGER POSH MESH

553 (Shown with largest seat & 7K arms)

Big and beautiful! The generously-sized mesh high back, paired with the roomy 24" wide seat, have proven that large scale seating can look and feel like refined furniture.

LOW BACK

511 (Shown with 7K arms & upholstered shell)

Utilitarian, no frills seating. Essential back support for all day comfort.

MID BACK

522 (Shown with 7K arms & upholstered shell)

Great style, even better comfort! The scientifically engineered shape hugs and supports you from to lumbar to thorax.

MEDIUM & TALL STOOLS

MK & TK (511 shown with TK & 7K arms)

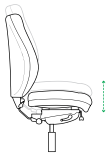

For laboratory or counter height tasks. Two stool kits: medium and tall heights, both include a height adjustable footring and 26" diameter base.
